ALBERTA KEY INSIGHTS

Current railway crossing and trespassing incidents trends and statistics throughout Canada.

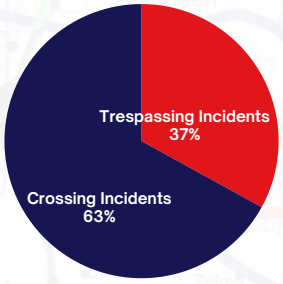

Alberta's Incident Rate Signals Concern

With approximately 2900 railway crossings, Alberta ranks mid-range in total crossings - but it has the highest incident rate in the country at 7.6 incidents per 1,000 crossings. This means that, proportionally, Alberta experiences more crossing incidents than any other province.

These figures underline the importance of continued awareness campaigns and safety measures across Alberta's communities to reduce risks and keep people safe near the tracks.
